

## Weekly Homework Assignments

*We are so excited about our Homework Menu this year! Here is a breakdown of what is expected for 4th grade homework each week. Once in a while, we may give you a different assignment, but otherwise, please be sure to complete the following every week!*

---

1. **Read:** *At least 20 minutes per night.*
  - a. Log your reading each night and have an adult at home initial (at the end of the week) that you read for 20+ minutes per night that week. You must read for 80+ minutes per week, so you may spread that out however you want, depending on your afterschool activities.
  
2. **Homework Menu:** Choose an activity from your Homework Menu (in the other side of this page protector). Cross off the activity after you complete it! *You should choose a different activity each week.*
  
3. **Reflection:** Once you have completed your activity from the Homework Menu, log into Google Classroom and complete your reflection. Turn your reflection in (on Google Classroom).

**\*All assignments (complete/signed reading log, *quality* reflections) must be turned in Friday morning.**
